ABOUT ME

I have strong css skills and I can convert pixel perfect designs to HTML CSS. I can make an attractive, fully functioning and dynamic website from scratch, also I can make restful API's. I have strong understanding and skills of front-end development and I am making my back-end skills stronger. I want to learn & gain experience I can offer strong interpersonal and teamwork skills. I'm ambitious and currently I want to be a Front-end Developer to help launch my career while achieving company goals. I believe in smart-working & being passionate.
